## 8 Rules for 100x Better Writing

If you are giving a piece of advice, do it in the form of a story.

If you want to make something more legit & credible - back it up with data

If you want people to take action, make it urgent

If you want people to pay attention, start with controversy

If you want your writing to be powerful, use shorter sentences.

If you want to keep people reading, end every sentence with a reason to continue

If you want your writing to be powerful, use shorter sentences.

If you want your writing to feel personal, write how you talk

If you want to be remembered, be unpredictable
